

## International Toll Free Services

Give your voice some room...

To be a success in today's global economy, people need the capability to connect despite their geographic location. We offer a broad range of global conferencing solutions, providing you with dependable and consistent service - no matter where you or your participants are located.

Using our easy-to-use International Toll-Free Service (ITFS), participants from various international locations can dial into your U.S.-hosted conference using a country specific toll-free number. ITFS covers over 65 countries outside the U.S. ITFS is a simple, cost-effective solution to expand your global reach and help you create better connections to obtain your business goals.

### **What You Can Expect:**

By using our International Toll-Free Service, you can anticipate a simple and dependable solution.

- ✓ Consistency: Send international participants country specific toll-free numbers to dial into a U.S.-hosted conference call
- ✓ Convenience: Host on-demand international conference calls 24/7
- ✓ Ease-of-Use: Provide familiar number formats to international participants
- ✓ Familiarity: Maintain the same conferencing experience whether you are an international or domestic participant

### **Connecting People Worldwide:**

Unite your domestic and international participants for a variety of meetings and events.

- Join international participants to Reservationless, Operator Assisted, and/or Event conference calls
- Bring together worldwide participants for weekly status meetings
- Arrange sales meetings with employees and prospects located internationally
- Link cross-functional teams from around the world
- Organize event calls with a streamlined experience for both domestic and international participants
- Connect global participants on quarterly Investor Relations calls
